Welcome to our soulful world.

We don't rush things here The dough rises slow, the coffee's ground fresh, And every sauce and bake begins with hands not haste. At Mudcup, food is still a quiet craft Made with care, served with warmth, held by the hills.

This café has long been part of Mussoorie Landour's mountain lore Behold the Deodhars dance, and the snow peaks stand evermore. An old classic of Mussoorie-Landour, this space brings together people, plates, and their stories over bakes, brews, and views that never get old.
